Reliable news for healthy living, saving money, and having fun February 2018
Volume 10 Issue 10

Hello Dear Friends,

I hope everyone has been able to stay healthy. There has been a bad stomach bug going around that has been really hard to kick. The Flu has really taken its toll on the young and elderly across the entire country this year. Like I said, I hope you and your family have been able to avoid these viruses and stay health. My granddaughter (Natalie) was sick for a couple of days but she was able to get rid of it without passing it to others in our family. May God Bless you all!!

January was another DRY month. I know the news is reporting over 115 days, I believe, since we have had any moisture. We have been very lucky that there have not been more grass fires sweeping across the Panhandle. However, there are still a lot of ponds that still have water in them from this last summer. I know the Lord will bless us with moisture; however, it would not hurt, if we would pray to Him and give Him glory for all the things we have, including moisture. Praise the Lord.

We are about to send out our Newsletter only by Email. This is due to the number we are mailing out is costing more than expected. So, to help keep cost down on overhead, I am asking everyone to please send your email to Chantell Hicks at (chantellh@qssifloors.com) or me at (jerryj@qssifloors.com). We will make sure you get our monthly newsletter and no spam or other mailing will be sent. You can go on our website QSSIFLOORS.com to look at all resent copies of the Panhandle Advisor. We really hope to be able to keep in touch with you. God Bless You.

Personal Comment: I don't know about you, but I'm tired of hearing about all the collusion in our last election. They have been looking into the Russians interfering with the election since summer of 2016. By what I have heard, they still have not found any relationship between Russia and the Trump campaign during the election that interfered with the election. What a waste of money and they are not going to look into the Clinton's or Democrats that paid for the Dossier in the first place. To me, this just proves that there should be term limits on ALL Congress Members. It is time for them to return to the working class and let other great American's serve their country.

During the President's speech to the Union on January 30th, I was amazed how the Democrats could not even applaud when the President announced the unemployment rate for Spanish and African American people was the lowest since it was recorded. What did they do? They sat on their hands and did not celebrate the good news for the people they represent. What is wrong when we can't even applaud for good news for our country? I know they hate President Trump; but, don't they care that the country's people are employed? God Bless This Country!

I would like to hear from you, please send any comments to me at jerryj@qssifloors.com. I promise I will respond to them as soon as possible.

We all here at Quality Carpets & Flooring would like to remind you of the Holidays in February: February 14th is Ash Wednesday & Valentine's Day & February 19th is Presidents Day.

Respectfully,
Jerry D. Johnson

Joke Box

Why did the boy have his girlfriend put in jail?

She stole his heart.

How did the telephone propose to his girlfriend?

He gave her a ring.

Why did the boy put candy under his pillow?

Because he wanted sweet dreams.

What did one volcano say to the other?

I lava you.

What did the octopus say to his girlfriend when he proposed?

Can I have your hand, hand, hand, hand, hand, hand, hand, hand in marriage?

Flooring History

In the 18th Century, wood floors had a variety of finishes. They were left unpainted and scrubbed with a mixture of sand and herbs. They were lime washed, or oil painted in solid colors and stenciled. The floors were not sanded or washed or varnished during this early period. At a later time varnishes and stains were applied to help make the wood last longer.

We are going completely green with the newsletter within the next few months. Please send us your email address to chantellh@qssifloors.com so that we can continue to get it to you.

Gardening

By: The Farmers' Almanac
February 2018

- 1st - 2nd** Clear ground, turn sod, kill plant pests.
- 3rd - 4th** Fine for sowing grains, hay, and forage crops. Plant flowers. Favorable days for planting root crops.
- 5th - 7th** Start seedbeds. Good days for transplanting. Plant carrots, turnips, onions, beets, Irish potatoes, and other root crops in the South. Lettuce and other leafy vegetables will do well
- 8th - 9th** Poor planting days.
- 10th - 12th** Any root crops that can be planted now will do well.
- 13th - 14th** Barren days. Fine for clearing, plowing, fertilizing, and killing plant pests.
- 15th - 17th** Extra good for cucumbers, peas, cantaloupes, and other vine crops. Set strawberry plants. Plant peppers, sweet corn, tomatoes, and other aboveground crops in southern Florida, California, and Texas.
- 18th - 19th** Seeds planted now will grow poorly and yield little.
- 20th - 21st** Fine for planting beans, peppers, cucumbers, melons, and other aboveground crops where climate is suitable.
- 22nd - 23rd** Any seed planted now will tend to rot.
- 24th - 25th** Plant seedbeds and flower gardens. Fine for planting beans, tomatoes, corn, cotton, cucumbers, peppers, melons, and other aboveground crops where climate allows.
- 26th - 28th** Clear ground, turn sod, kill plant pests.
